## STATISTICS, REPORTS AND KEY FIGURES IN REAL TIME

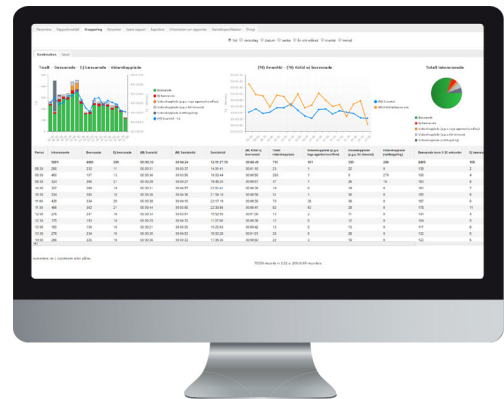

Receive important insights from your powerful PBX via automatic reports and live statistics to be able to make more data-driven decisions.

### DASHBOARD

Dashboard shows which agents are available or logged in, number of calls in queue, latest queue time, average queue time and how many missed calls you have.

- SLA-notifications directly on the dashboard
- Both real time & history
- Incoming calls

### REPORTS

Reports make it possible to analyze and follow up the company's communication patterns via a simple and powerful interface.

- Automatic reports
- KPI's
- History (not real time)
